

LA Wallet Trip Ticket Project

Michael Harden | GSMFC 75th Annual Meeting | October 15, 2024

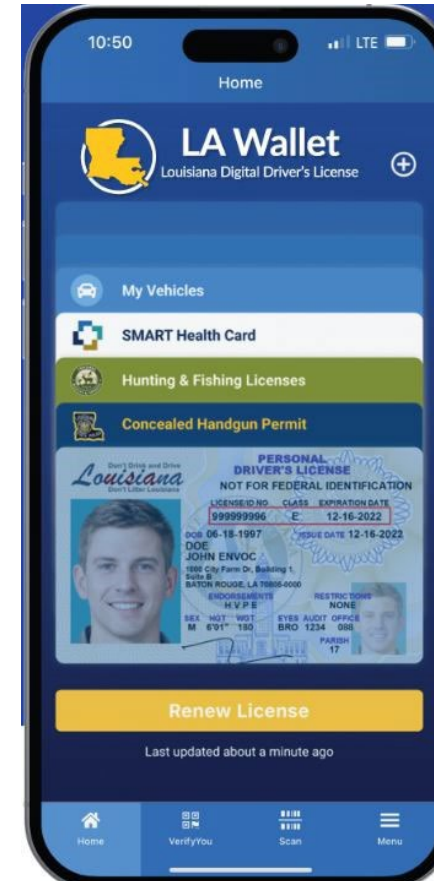

QR Project Goals and Benefits

- Utilize the LA Wallet application to provide license details directly to VESL including:
 - Commercial fisher license
 - Vessel license and registration
 - License status
- Minimize license errors
- Reduce QC time
- Provide dealers with the ability to perform the required license(s) validation as part of the trip ticket transaction

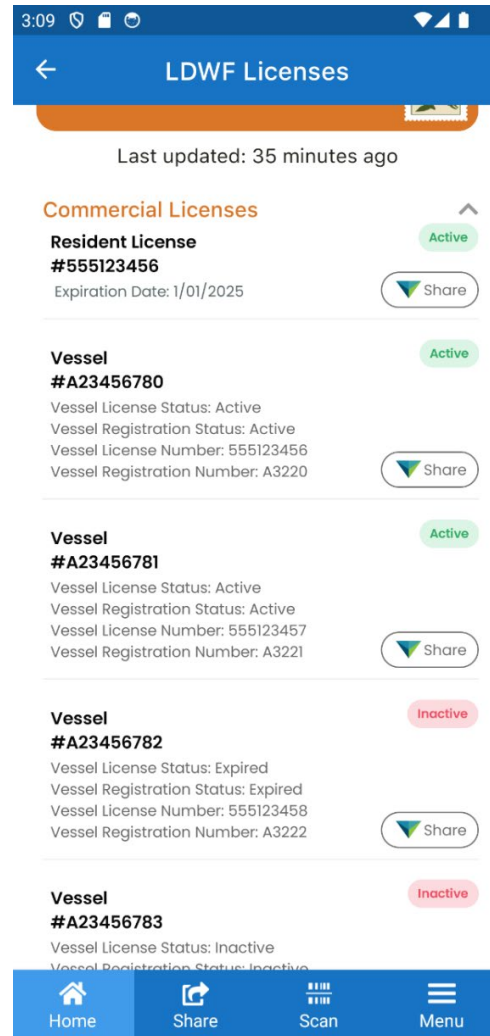

LA Wallet

- Launched in 2018 as the first digital driver's license in the US
- Accepted by Louisiana law enforcement and any government or retail location statewide
- Driver's license
- Vehicle information
- CCP
- Health information
- Recreation hunting and fishing licenses
